CREATIVE , DESIGN

viak | chair collection

Only when working with a good chair,
you can have the power to immerse yourself in creating new opportunities.
"viak" was born as a result of the long design and research on "seating".
The design philosophy of "viak" is to make a chair that is faithful to the basics.
If you are looking for a good chair, there is "viak"

design

" viak " will show its value
by concentrating on what the users really want more than the designer's own angle,
also aiming for superior comfort and beauty better than anyone else.

UZUO

" Vaik " goes with "UZUO", one of the best chair manufacturers.
A total of 220,000m² scale factory has 80 injection machines,
and this factory produces all parts to ensure a consistent quality of over 300,000EA per a month.
Also, all products are managed by strict test level higher than BIFMA through its own test lab.

"viak"

will offer you a new pleasure of "seating"
by the advanced design that the user wants
and superior quality products
with honest price.

K10

Combining the latest in comfort and technology,
K10 offers easy-to-use features and breathable mesh, delivering
the most comfort and the sustainable quality for long time work.

Outstanding Performer atWorkplace, K10

The most advanced synchronized tilting mechanism of K10 realizes the ergonomic ideal of chair synchronizing with user's body in motion. Maximum adjustability with easy handlings of the smartly designed levers completes the highest performance of K10.

K10

K10 has the most advanced functions such as adjustable headrest with spring tension, 4D armrests, lumbar support, depth adjustable seatrest, etc., to maximize the users' working efficiency.

K10M

It gives vitality to the space and a pleasant impression.
K10M chair helps you to focus on productive learning
and work by providing vitality and comfort to your work.

User-Friendly Sitting Experience, K10M

K10M is an another version of K10 with all-mesh task seating for more elastic reaction to frequent posture changing and various body type.
K10M offers the ultimate user-friendly sitting experience.

K10M

Highly Elastic Soft Mesh

K10M chose highly elastic soft mesh for both backrest and seatrest to provide customized comfort.

DETAIL & FUNCTION

1,2. Adjustable Headrest (Optional)

The headrest is height adjustable, especially, it helps the user's head maintain comfortable position all the time by natural reaction when tilted.

5,6. Adjustable Armrest

The armrest is height adjustable depending on user's preference, and it also offers additional forward/backward, left/right and angle adjustment.

8. Adjustable Seat

The depth of seat is adjustable up to 60mm depending on the user's preference.

3,4. Adjustable Lumbar Support

The lumbar support is height and depth adjustable.

7. Highly Elastic Soft Mesh

K10M chose highly elastic soft mesh for both backrest and seat to provide customized comfort.

R30

The unibody makes the chair very light.
It can be easily stacked, and easily moved.
R30 is a very light chair.

Creat your space, R30

R30 is designed to ofer a unique, minimal aesthetic
and to provide optimal comfort for every person who sits in it.

R30

Back to the Multi-Purpose Chair

R30 focuses on the natural duty of multi-purpose chair,
simple design with various options,
but with the lowest price range.

CONNECTOR

It is useful when the chairs need to be placed at regular intervals.
Depending on the specification of armrest,
the chairs can be placed at doubled intervals.
